

## UX Design Storyboard

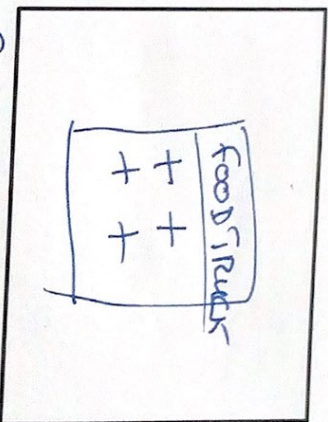

Scenario: Use food truck menu app to let customers know what's available and what not-close up

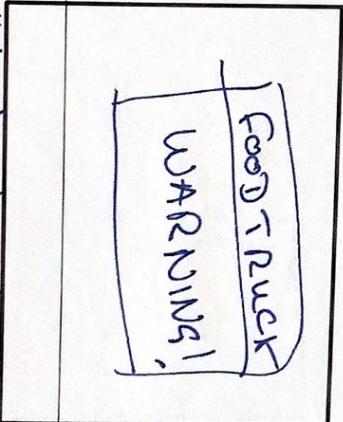

Food truck owner  
opens app

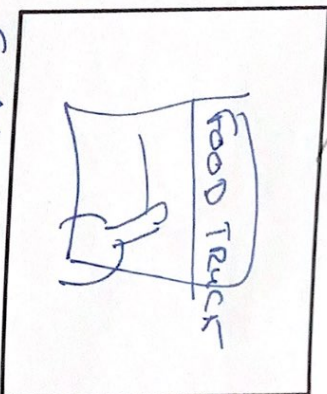

Confirmation  
screen to avoid  
mistakes

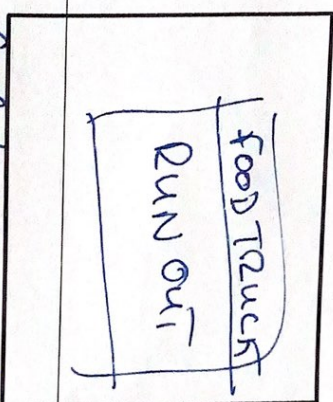

Food truck owner  
adds dishes for the  
day

Alert when last  
dish of a kind sold

Food truck owner  
swipes left when selling  
dish

Food truck owner  
updates list of run  
out items
